

Model: CB

With our **cardboard stacking frames** you can vary the height of the packaging as desired by stacking frames on top of one another. When combined with a lid you have a cost-effective solution for closed packaging.

1. Packaging set before it is assembled

2. Assemble the bottom

3. Assemble the frame

4. Add frame(s)

5. Add corner pieces for reinforcement

6. Add a lid, if needed

The advantages of the cardboard stacking frames are:

- ✓ Cost-effective packaging
- ✓ Adjustable height through varied use of several stacking frames as required
- ✓ Minimized storage space and costs due to delivery in flat-packed state
- ✓ Quick and easy tool-free assembly
- ✓ Convert to closed packaging with lids
- ✓ 100 % recyclable
